

MESCAL FIREFIGHTERS USE JAWS OF LIFE ON I-10

Last week Mescal Volunteer Firefighters responded to a motor vehicle accident near Marsh Station where the driver was trapped within his vehicle. Using powered tools, Firefighters were able to cut away the vehicle doors and lift the dash so that the driver's legs could be freed. SEE TRAINING PICTURES IN LAST MONTH'S ISSUE! Firefighters have responded to nearly 300 calls this year. They have used the Jaws Of Life on at least seven calls.
